Whales: The Sea's Mysterious Giants

We have a complicated relationship with whales. For centuries, we hunted them, ate their meat, lit our homes with their blubber, built corsets with their baleen, and carved scrimshaw into their teeth. Yet for all the time humans have spent chasing after cetaceans, we still...

Mental time-travel in birds

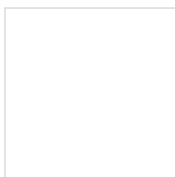

Some tropical birds collect their prey at army ant raids, where massive swarms of ants sweep through the forest and drive out insects. The behavior of interest is called bivouac checking; it allows these birds to track the cyclical raid activity of army ant colonies.
